

Blackmore group complaint - update August 2026

Our investigation of the group complaint about the FCA, brought by and on behalf of certain investors in Blackmore Bonds Plc's mini-bonds, is continuing. Further work has been undertaken since our last update although there remain matters that we need to complete before we are in a position to issue the preliminary report.

We appreciate that those involved will want to know when the investigation will be concluded. We will provide a further update when we are able to give further information about the progress or outcome of our investigation.

Thank you for your continued patience.

By way of reminder, we note that the Financial Services Compensation Scheme has agreed to consider claims from investors who purchased Series 1 bonds and who are eligible for compensation ([Lonsdale Insurance Brokers Ltd | FSCS](#)). We suggest you contact the FSCS directly if you consider that you may be eligible to make a claim."
